

National Freight Audit & Payment Service Inc.

"Delivering Excellence Through Experience"

About Us

Since 1987, National Freight has been servicing the transportation industry. We offer transportation services worldwide with primary focus on the United States, Canada and Mexico. We at National Freight are confident that once you consider us for your transportation needs, you will find a "One-Stop" service that you can consistently depend on.

Our Mission

It is our mission to become the leading provider of transportation services nationwide. We are committed to giving our customers precisely what they want - Great rates and superior service.

Company Profile

National Freight is a complete transportation organization that has been proudly fulfilling the transportation needs of companies such as your own since 1987. Superior service, combined with competitive pricing are among National Freight's fundamental principles. It is our intent to offer our customers a "One-Stop" advantage that consistently provides excellent rates and unsurpassed service, thus eliminating the need to shop around.

Operating Authority: FMCSA License MC-434230

Feel free to check our Federal Operating Authority by going to our website and clicking on the FMCSA (Federal Motor Carrier Safety Administration) link shown. We take pride in doing things right. For your own protection, always check on companies that may be handling your freight.
